Smart Charger 8000

Fast Charger for all USB-Devices

You have several devices to charge, but can only find one available socket? You and your roommates, children or spouse want to charge your smartphones and tablets at the same time?

Thanks to the ARCTIC **Smart Charger 8000** that is no longer a problem.

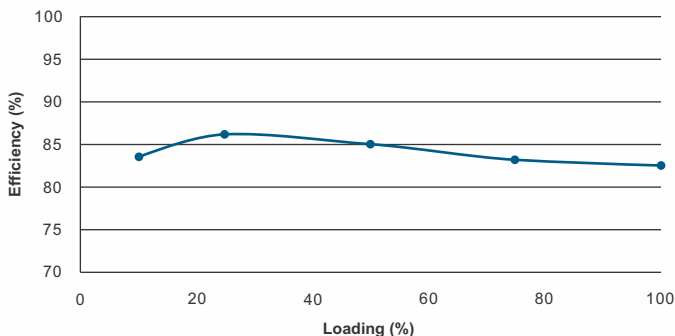

With 5 fast charge ports totaling to an 8 A output, you don't have to wait for hours for all your gadgets to charge one after another. Thanks to the smart charging technology, charging of all USB devices is guaranteed - no matter which brand.

The integrated voltage stability and overcurrent protection ensure that the fast and smart charging is safe, as well.

Specifications				
	EU	US	UK	AU
				
USB Port	Complies with USB 3.1 Power requirements			
Input	AC 110-240 V 50/60 Hz 1 A			
Output	8.0 A			
Dimensions	83.6 mm x 83.6 mm x 30 mm			
Weight (Charger)	175 g			
Weight (AC Cable)	80.5 g	79 g	128 g	110 g

Efficiency Curve

- 10 % loading = 0.8 A
- 25 % loading = 2 A
- 50 % loading = 4 A
- 75 % loading = 6 A
- 100 % loading = 8 A
