P402 BT

Bluetooth Headphones with Microphone

Leave your worries behind when using the **P402 BT!** This headset has a rechargeable 850 mAh battery that lasts for over 30 hours on a single charge allowing the luxury of extensive music streaming via Bluetooth or phone conversations. Combined with ultra-comfort earpads, fatigue will be the last thing to cross your mind. Utilizing Bluetooth technology, **P402 BT** is not only hands free with a hidden microphone but it also has high-fidelity sound that amplifies the clarity of phone calls. Intuitive controls that offer quick confident commands will have you changing a song or answering phone calls with a simple click of a button. This will allow you to focus on your daily activities and multi-tasking. Award-winning and long lasting, enjoy the sound quality and comfort of ARCTIC's **P402 BT**.
